Mr. Bill Bollen  
Chief, Response Section II  
Emergency Response Branch  
United States Environmental Protection Agency  
77 West Jackson Street  
Chicago, Illinois 60604-3590

Dear Mr. Bollen:

I am writing to request that the Region 5 Offices of the United States Environmental Protection Agency consider the assignment of an On-Scene Coordinator to the Quality Cleaners site located in Belleville, Illinois. Due to the location of this site in the southern portion of the state, I have had preliminary conversations with Kevin Turner regarding this potential removal candidate.

In October 1998, a complaint was received from the Belleville Fire Department with regards to an abandoned dry cleaner located within a residential neighborhood. Illinois EPA's Collinsville Field Office personnel responded to the complaint. The subsequent inspection documented several 55-gallon drums located in areas which were accessible to the public. Attached is a copy of the complaint investigation form.

As always, the Illinois EPA will provide any assistance to U.S. EPA regarding this matter. Thank you for the consideration and we look forward to working with U.S. EPA in this and future removal activities.

Sincerely,

A handwritten signature in black ink, appearing to read "Bruce Everett".
